

# South Port Day Links New Client Expression of Interest Form

South Port Day Links provides services to older people, people with a disability and their carers. On occasion we can support people who are outside our main client group for short term assistance due to an unexpected injury or other related health concerns. This is managed on a case by case basis.

The DayLinks service does not transport people in a wheelchair; we are unable to transport people under the age of 18. **We can support people who use wheelie walkers who can access the DayLinks service.**

To be eligible for our services you need to be a resident of the City of Port Phillip.

Clients requesting a service need to be assessed over the phone and those people who are aged 65 years **do not** need to be registered with My Aged Care to be able to access the services offered by SPDL.

However we recommend that if you are seeking aged care services in the home, you are aged 65 years and over that you register with My Aged Care, we are able to provide information about how to do this.

Complete the form, forward it to SPDL and we will be in contact you to discuss how to access the services offered by SPDL.

Preliminary Questions:

Family Name: \_\_\_\_\_ Given Names: \_\_\_\_\_
